Its Leading Manufacturing Interests.

Synopois of Its Mercantile Houses, Professional Men and Finances.

Past, Its Future-Its Advantages Business and for Homes-Its Business Men - Their Energy, Enterprise and Success.

INTRODUCTORY. Believing that the interests of the growing country that surrounds us would e materially enhanced and would be better manifested to those who scan this record from time to time, and to give a possess, both as a mercantile center and as a manufacturing point, it would be well to reflect on the facilities we have for shipping and forwarding goods, our topographical position and the stability of our merchants. Our growth for the past few years has been a steady, sure one, and every step forward has been in response to the demands of our trade. It is with a view to show to the sur rounding country that we have already a number of the best business houses in the State, that we were prompted to com-

pile this index. We take pleasure in presenting to the patrons of the APPEAL this Classified APLER & BRO., iness Record, embracing the larger tion of our Professional, Financial, anufacturing and Mercaptile interests We make a special request of our business men that they retain this record. and post it in a conspicuous place in their office or place of business, as it will prove of inestimable value as a ready reference sheet, being carefully compiled, convecent in form and comprehensive in character. To the general reader, this record will not be without general interest, affording as it does an indication of the expansion of the business of Memphis uring the year few years, and supplying m with reference, whereby they may easily locate any business house with which they may have business to transact. In fact, we consider the Business Index herein contained of sufficient moment to every person having the interest of our city at heart to insure it a widelyextended circulation, and for that purpose have printed an extra edition, se that all may be supplied, and all parties can obtain the same for mailing purposes at this office. As a whole, we regard the ment to our city at large, and present it for itself and make apparent its own

The Milburn Gin and Machine Com pany are the leading manufacturers o the South in engines, having a patented High-Speed Center-Crank Engine of excellent design, with only one-third the parts of slide-valve engines. Also, a Slide-Valve Engine of new design. J. T. PROST & CO., Their boilers are all hydraulic-riveted, being the only perfect system of boile riveting. All boilers are made of steel. Their gins are conceded to be the best in use, and are largely used by cotton-ginnerys run by cotton-mill owners. They build five different patent cotton presses, some of which make bales weighing 800 WM. JACK & SONS, The APPEAL includes in its issue of

tile, industrial and professional interest of Memphis which has never been equaled in variety and value by any pubigation of the kind in the city. To the readers of the APPEAL we can say with pride that there is not an individual or firm represented in this exhibit with whom business relations may

this morning an exhibit of the mercan

not be established, either personally or by correspondence, with absolute cer-tainty that the representations made can be relied upon, and that their customers and clients will be honorably and liber-The question of rates for transporta-tion of merchandise was discussed at a recent meeting at the Merchants' Ex-change, and a committee appointed to confer with the different lines, both by rail and water, so that a schedule might

be agreed upon and our city have a com-petitive rate established. This, with the increased crop and enterprise of our merchants, will do much toward making emphis one of the leading centers of ommercial interest in the country. ATTORNEYS.
